# LED STRIP FLB3-CREE-36W/m

## Key Specifications/Special Features:

### Specifications:

Working voltage: 12V DC  
Power: 36W  
Input current: 3,000mA  
Luminous flux: 2700lm  
Brightness: 310Cd  
LED view angle (2 $\theta$ 1/2): 120 degrees  
Operating temperature: -25 to 60 degrees Celsius  
Storage temperature: -40 to 80 degrees Celsius  
Color: cool white  
Dimension: 12x1000mm contains 60pcs of diods  
Durability: 60 000 - 70 000 working hours  
Electrostatic discharge: 800V (maximum)  
Tolerance of measurement of luminous intensity:  $\pm 15\%$

Indicated values above are per 1mtr of LED strip.

Certificate Standard: CE  
Certificate Number: BT0812151005  
Issue Date: 19-Dec-2008  
Issued By: CE  
Scope/Range: EMC Directive
